*Engineering, Procurement and Construction Services*

Date : 13<sup>th</sup> December 2007

Expression of Appreciation:

We recruited SEOguru Technologies to increase the visitors for our website through better search engine rankings and increase business enquires as a consequence. At the start of work, they suggested changes in our website to make it more search engine friendly.

From less than 1% of our traffic coming from search engines to a healthy improvement of 41% of our traffic coming from search engines now, SEOguru has done a very good SEO job for Arjun Projects within a short time.

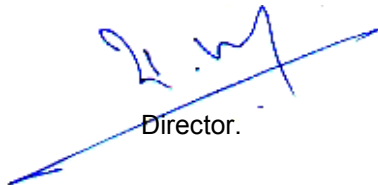

They are professional and respond quickly to emails.

Moreover, they send reports regularly and have kept us updated with the progress that our site is making.

I wish SEOguru a happy journey going forward and would love to refer their SEO and designing solutions to other companies.

Thanking you,

For Arjun Project Services P Ltd..
